UPMC, ranked No. 12 on the U.S. News & World Report Honor Roll of American's Best Hospitals, is affiliated with the University of Pittsburgh Schools of the Health Sciences and are pioneers in the field of transplantation. This collaboration has enhanced AAMG's clinical capabilities through shared protocols, rigorous quality standards and technology and also created a platform for AAMG to expand into other countries in Asia such as Malaysia and Myanmar.

AALC, one of Asia's foremost liver centres, is led by renowned hepatobiliary expert and liver transplant surgeon, Dr. Tan Kai Chah (Dr. KC Tan), who helped start the Liver Transplant Programme at the King's College Hospital London, UK, and pioneered the highly successful Living Donor Liver Transplantation (LDLT) Programme in Singapore. In 2014, AALC begun conducting surgical procedures at iHEAL Medical Centre, located in Kuala Lumpur, Malaysia.

AARO, established in March 2015, offers radiation oncology consultancy and management and is spearheaded by Dr Daniel Tan Yat Harn.
